STORIED WATER SUPPLY.

The elevation of water above the Roosevelt dam yesterday was 32.46 feet, indicating a stored supply of \$2,078,000. Flood conditions prevailed at Granite Reef. On the north side 2900 inches of water were used yesterday for irrigation purposes while 14,720 inches were used on the south side. The schedule of water delivery for today is 24 hours for each quarter section under the north side canals.

OF LOCAL INTEREST

It removes dirt, soot and grease from the face, imparting a cool delicate bloom to the complexion. Sent anywhere on receipt of 10 cents in stamps or coin. P. T. Hopkins, 37 Great Jones St., New York.

REVISITING PHOENIX—Albert M. Jones one of Yavapai's delegates to the constitutional convention and one of the most active members of the convention was in Phoenix yesterday, his first visit since the adjournment of that body.

A Dainty Toilet Article.
Every lady who desires to keep up her attractive appearance, while at the theater, attending receptions, when shopping, while traveling and on all occasions should carry in her purse a booklet of Gouraud's Oriental Beauty Leaves. This is a dainty little booklet of exquisitely perfumed powdered leaves which are easily removed and applied to the skin. It is invaluable when the face becomes moist and flushed and is far superior to a powder puff as it does not spill and soil the clothes.

TRINITY CHURCH—Services will be held tomorrow, second Sunday after the Epiphany, in Trinity church, South Second avenue facing the courthouse, the Rev. Arthur W. Moulton, priest in charge, as follows: Holy communion at 9 o'clock; kindergarten and Sunday school at 10 o'clock; morning prayer and sermon at 11 o'clock. At the latter service the quartet choir under direction of Mrs. Defty will give the following selections: Organ voluntary, "Morning Song" (Gustav Merkel); offertory solo, Mrs. Sargent, who is substituting for Mrs. Leecraft; aria from "The Ten Virgins" (A. R. Gaul); postlude (Stern).

ANOTHER INQUIRY ABOUT THE SCHOOL FOR THE DEAF—Mr. Joseph Ward of Las Cruces, New Mexico, wrote the following letter to Mr. Henry C. White: "I am thinking of locating at Phoenix or somewhere near there, and as I have a boy that is deaf, I would like to know something about the school in Arizona, how long a session does it keep, when does it open and close, etc. I would appreciate any information you can give me." Mr. Ward seems to take it for granted that there is such a school in Phoenix. Mr. White says that \$1,000, if given at once, would be enough to start a class of twelve to fifteen pupils from this county alone, in a rented building, and keep it going until the end of the school term in June, even if he has to go without any salary. If the school waits for the action of the legislature it can not possibly be established before the fall of 1912. Which ever city or town starts it will probably keep it. Mr. White hopes that a board of trustees will be organized by some prominent citizen for the benefit of the school, and he has no doubt funds will be forthcoming.

COUNTRY CLUB—Mrs. J. E. Rollins and Miss Rose Walter will serve at the Country club today.

THE THANKS OF THE BE-
REAVED—Mr. W. S. Reitz desires to extend thanks to friends for their sympathy and services in connection with the death and funeral of his daughter, Pearl.

COUNCIL'S ACTIVITIES—Another committee meeting was to have been held by the city council last evening, but for various reasons the session was postponed until Monday evening. The councilmen are endeavoring to thresh out a number of puzzling matters before holding another open meeting.

NOT YET—When the proposed trip of Governor Sloan and the board of control to Globe was delayed by rain, it was planned to make it today, but as the roads were reported yesterday as too heavy to make traveling desirable the party will not leave today, nor will any date be set until the weather conditions are settled.

LOS ANGELES VISITOR—Harry Archbold of Los Angeles was a Phoenix visitor yesterday, dropping in to shake hands with his many friends. Mr. Archbold, a youth lived in Tempe and is well known in the valley. He is now a practicing attorney in Los Angeles, is doing nicely and is making a specialty of Mexican law.

THE QUAIL SEASON AND DUCKS—The quail season will close on February 1 and the sportsmen will do well to begin tapering off the quail habit so it will not be so hard to break it entirely when the time comes. Incidentally they need not be disconsolate for the ducks it is said were never more plentiful during the winter than now, nor in better condition for being shot.

SPECIAL NOTICE TO CLUB WOMEN OF PHOENIX—All delegates, alternates and other club members who expect to go to Prescott, will leave Phoenix Tuesday morning, January 17 at 8:05 o'clock, instead of Wednesday morning, as erroneously announced in yesterday's paper. The announcement as here given was properly received, but through inadvertence the dates were transposed in yesterday's announcement.

BUCKEYE BRIDGE—Service in the Buckeye line will be resumed today. For two days no trains have run to Buckeye owing to the washing out of sixty feet of the eastern approach to the Agua Fria bridge. Repairs on the approach will be finished today and the crew which was sent to the bridge Wednesday night will do some rip-rap work on the east side of the river bed, so that the next time there is a flood the water will spread more to the westward and not strike the bridge with such great force at one point.

KILLED BY A CAR—From some time on Thursday night until yesterday afternoon a cow with a broken back lay beside the Indian school car line a mile north of the city. Beside her lay a dead calf. They had been struck by a late car. Word was sent to the sheriff's office and Deputy Sheriff Wolf went out and put the cow out of her misery. Nobody in the neighborhood could say whose property it was, but it was believed to be that of somebody who had left the city, leaving the cow and calf to shift for themselves. They had been seen in that neighborhood for several days.

LOST AND FOUND—Mrs. Herolinda de Casanova, a Spanish woman accompanied by her husband and a young girl, under guard, yesterday visited the office of the sheriff and the marshal yesterday to get assistance in looking for her two-year-old little girl who was lost. The Casanova family had been at the Maricopa creamery. Suddenly the little girl disappeared and inquiry all through that neighborhood failed to discover anybody who had seen her. About an hour later it was reported at the office of the sheriff that she had been found near the river. How a child of that tender age managed to make her way through the deep mud to that point is one of the things not yet explained.

STORY'S MYTHS—When it comes to bluffing A. Story is the limit. Most of Story's stories are myths. Wednesday night Story was arrested for disturbance of the peace, he having looked too long into the eyes of a woman who was sitting in a car. He was put up \$5 cash bail and was told to appear in police court the next afternoon. He called upon Marshal Moore and asked for a continuance, stating that he had secured a lawyer but that the attorney was unable to be on hand at that time. While the hearing was conferring with Judge Thomas Story asked them to hurry their decision, as his auto was waiting for him at the corner. He was given until yesterday afternoon to produce his attorney, but he failed to do so. In fact, he called and said he would forfeit his bail. The officers noticed that he did not come in an auto.

CONFUSION OF NAMES—Professor Claude Decatur Jones of the High school faculty says he is still perpetually embarrassed by having the same name as some others of undesirable notoriety and a very similar name to still others who are deeply concerned in matters that in no way affect him. For some time he bore in patience the daily account of the trial of another C. D. Jones in the district court, but when that person lost out and was sent to the penitentiary he could not restrain himself from at least saying it was the other fellow. Now comes a man of similar name who files suit for divorce and all day yesterday the professor was busy denying to his friends that marriage with him had proved a failure. He bears no scars from family warfare and says there is only one possible incentive for divorce in his case and that would be to have his name changed. The professor says it is humiliating to have to keep explaining that he is not someone else and he hopes that hereafter when any Claude D. Joneses get drunk, disturb the peace or commit big crimes, they will understand it is not him unless there is a full explanation of his identity published, along with his picture, which he will agree to furnish when he becomes notorious.

RECITAL THIS AFTERNOON—This afternoon at 3:30 o'clock at the Arizona School of Music a pupils' recital will be presented by young students from the departments of expression and piano, and the program is open to the public.

MENTAL SCIENCE—Lecture at 3 p. m. Sunday, January 15, at Harmony Place, 212 Grand avenue, by Susie E. Brown, treasurer M. S. C. E. A. Subject, "Adaptation." All seats free. The public is invited. All questions answered.

SUNDAY AT THE CHRISTIAN CHURCH—The pastor, E. N. Phillips, will speak at the 11 o'clock hour "Shall I do?" At the 7:30 hour in the on "The Problem of Duty, or What a Day of Rest for the Phoenix Postoffice Department." Good music for both morning and evening given under the direction of Mrs. Charles R. French. Order of services as follows: Bible school, 9:45 sharp; church services, 11 a. m.; Junior Christian Endeavor, 3 p. m.; Y. P. S. C. E., 6:30 p. m.; church service, 7:30 p. m.

AFRICAN M. E. CHURCH—This church is in the midst of a glorious revival which has been going on all week in spite of the bad weather. Rev. J. W. Rogers, D.D., of Albuquerque, N. M., is preaching wonderful evangelistic sermons and the church is being revived and souls saved. The services will begin with a sun rise prayer meeting at 6 o'clock Sunday morning. Rev. Rogers will preach at 11 a. m., 3 p. m. and 8 p. m. The public is invited to attend these services. The church is on the corner of Second and Jefferson streets. Meetings will continue all next week.

RAILWAY FRANCHISE—Next Monday the county supervisors will consider the two applications before the board for a franchise for an electric line from Phoenix to Tempe and Mesa, passing over the Central avenue bridge. One application was made by Dr. H. H. Stone and Charles Goldman and the other by Selim Michelson, all of whom are understood to represent capital. The supervisors will decide which of the applicants is better able to build an interurban line and carry out the terms of the franchise. Something may also hang upon the terms which the applicants are asking.

NEW WAGON ROAD—In line with his plans to make numerous improvements at the Mammoth mine, located at Goldfield northeast of Mesa, Territorial Secretary George E. Young has sent a party of surveyors to the property to survey a wagon road to the nearest point on the P. & E. At this nearest point, which is about nine miles from the mine, a new station will be established and the station will thereafter be the shipping point for the Mammoth. Heretofore all supplies for the mine have been freighted from Mesa. The new road will shorten the haul by a little over ten miles. An afternoon paper yesterday announced that Secretary Young was going to build a branch railroad to his mine but he says that he hasn't entered the Jim Hill class yet.

FIRST PRESBYTERIAN CHURCH—Services tomorrow, January 15th, will be as follows: Sunday school, 9:45 a. m. Morning worship, 11 o'clock; sermon by the pastor, Rev. Henry M. Campbell, D. D.; theme, "Four Months and Then Harvest." Junior Endeavor, 3 p. m. Intermediate Endeavor, 4 p. m. Senior Endeavor, 6:30 p. m. Evening worship, 7:30. Sermon by the pastor. All are invited to attend these services. Seats are free. This church is located at the corner of Adams street and Third avenue. Following are the musical programs for the morning and the evening services: Evening—Organ, "Prelude" (Smith); anthem, "Jerusalem the Golden" (Rubinstein-Schnecker); response, "This is the Day of Rest" (Hascall); solo, "My Redeemer and My Lord" (Dudley Buck); Miss Hawley; organ, "Postlude" (Jones). Morning—Organ, "Andante" (Black); anthem, "The God of Abraham Praise" (Dudley Buck); response, "He Leads Me On" (Hascall); solo, "Ave" (Millard); Miss Alexander; organ, "Jubilate" (Blow).

THE GENEROSITY OF A FAMOUS ACTOR.

Quin has hardly had justice rendered to his good works. How refined was the manner in which he forced upon penniless Thomson a hundred pounds! It was a debt, he said, which he owed the poet for the pleasure he had experienced in reading his poems. What generous humor in his reply to half starved Winston, who timidly asked, under the impulse of hunger, what he should do for a little ready money for the next few days. "Nay," exclaimed Quin, "if you are in want of money, you must put your hand in your own pocket!" And when Winston did so, after Quin had left, he found a 100-pound note, which Quin had placed there—"From 'Saints of the Stage,'" in Cornhill Magazine.
